TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 10:00 A.M. to 7:00 P.M.

To the Inhabitants of the Town of Gilmanton in the County of Belknap in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Gilmanton Elementary School in said Gilmanton on Tuesday, the Thirteenth day of March, next at Ten of the clock in the forenoon, to act upon the following subjects:

Article 1: To choose all necessary Town Officers for the year ensuing.

Article 2: Shall we adopt the provisions of RSA 72:28, V & VI for an optional veteran's examption and an expanded qualifying war service for veterans seeking the exemption? (The optional veterans' exemption is $100 rather than $50.00.) (By Petition)

Art: 3a. Are you in favor of the adoption of Amendment No. a as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Foreword to reference the Gilmanton Master Plan "as updated" and delete reference to the 1982 Edition.

Purpose:

This will reference all editions of the Gilmanton Master Plan, not just the 1982 Edition.

Art: 3b. Are you in favor of the adoption of Amendment No. b as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Article III.H. to add that all excavations must be in conformance with the RSA 155-E and the Gilmanton Earth Excavation Regulations.

Purpose:

This will require that all earth excavations comply with the existing Gilmanton Earth Excavation Regulations and NH State RSA 155-E.

Art: 3c. Are you in favor of the adoption of Amendment No. c as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Article IV., Table 1 to arrange the existing uses into alphabetical order.

Purpose:

To arrange the title of existing uses into alphabetical order to provide a clearer form of reference.

Art: 3d. Are you in favor of the adoption of Amendment No. d as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Articles V.1. and V.2. to delete references to specific Sections of the Subdivision Regulations.

Purpose:

The reference would remain to the Gilmanton Subdivision Regulations but would alleviate the need to change the Section numbers when the Subdivision Regulations are amended.

Art: 3e. Are you in favor of the adoption of Amendment No. e as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Articles XIV & XV by reversing their existing order.

Purpose:

Switch the order of the Articles so that the "Definitions" Article remains at the end of the Ordinance.

Art: 3f. Are you in favor of the adoption of Amendment No. f as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Article IV., Table 2, by adding the following Footnote:

"Common lots or other lots permanently preserved as open space may be exempted from the minimum frontage and lot size requirements at the discretion of the Planning Board, but shall be accessed by a permanent Right-of-Way no less than 30′ wide."

Purpose:

This will allow the creation of certain restricted lots, under approval by the Planning Board, which would not be required to meet the existing frontage and lot size requirements.

Art: 3g. Are you in favor of the adoption of Amendment No. g as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Article V.2. to include restrictions on the community water and/or sewerage disposal systems in cluster residential developments.

Purpose:

This will require Planning Board approval for the use and placement of community water and/or sewerage disposal systems in cluster residential developments.

Art: 3h. Are you in favor of the adoption of Amendment No. h as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Article V.9. to include the existing language under Article V.,

Table 2, which provides that Individual lot sizes may be reduced provided that the balance of acreage required for conventional lot-by-lot development is held in open space according to the terms set forth in Article V of this Ordinance.

Purpose:

This will copy language that already exists under Article V., Table 2, into the Cluster Residential Development section for clarification.

Art: 3i. Are you in favor of the adoption of Amendment No. i as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Article XIV. Definitions, definition of "Lot" to:

"A lot is a parcel of land occupied or to be occupied by one main building and the accessory buildings or uses customarily incident to it. A lot shall be of sufficient size to meet minimum zoning requirements for use, coverage, and area, and to provide such yards and other open spaces as are herein required. Such lot shall have frontage as required by this Ordinance."

Purpose:

Amend definition of "Lot" to clarify what constitutes a "Lot."

Art: 3j. Are you in favor of the adoption of Amendment No. j as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Article XIV. Definitions, definition of "Lot of Record" to:

"A lot which is part of a subdivision approved by the Gilmanton Planning Board and recorded in the Belknap County Registry of Deeds. Also a lot or a parcel described by metes and bounds, the description of which was so recorded prior to zoning (1970) provided that such lot or parcel, if contiguously owned with another lot or parcel shall be merged unless each parcel meets current zoning and subdivision requirements except as provided under RSA 674:39."

Purpose:

To clarify what constitutes a "lot of record" and to reference the requirements of RSA 674:39.

Art: 3k. Are you in favor of the adoption of Amendment No. k as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Article XIV. Definitions, to add:

"Continguous Parcels: Continguous parcels held under the same ownership are considered merged unless each parcel meets current zoning and subdivision requirements except as provided under RSA 674:39."

Purpose:
This will copy a definition which currently exists in the Subdivision Regulations.

Art: 3l. Are you in favor of the adoption of Amendment No. l as proposed by the Planning Board for the Gilmanton Zoning Ordinance.
Amendment:
Amend Article XIV. Definitions, to add:
"Water Bodies: Including rivers, streams, creeks, brooks, lakes, dammed waters and natural ponds."
Purpose:
This will provide a definition of Water Bodies in this Ordinance.

Art: 3m. Are you in favor of the adoption of Amendment No. m as proposed by the Planning Board for the Gilmanton Zoning Ordinance.
Amendment:
Amend Article XIV. Definitions, to add:
"Wetlands: Lands containing soils classified by the National Cooperative Soil Survey as poorly drained, very poorly drained, including fresh water marshes and alluvial soil or lands containing soils classified as poorly drained (group 5) or very poorly drained (group 6) by an one-site high intensity soil survey."
Purpose:
This will provide a definition of Wetlands in this Ordinance.

Art: 3n. Are you in favor of the adoption of Amendment No. n as proposed by the Planning Board for the Gilmanton Zoning Ordinance.
Amendment:
Amend Article XIV. Definitions, to add:
"Woodlot: A Woodlot may be used for forestry and woodlot management purposes only and may not be used for building or development purposes until such time as all applicable zoning and subdivision regulations are met and approval of the Gilmanton Planning Board is granted. Such lot must meet all requirements of the Subdivision Regulations."
Purpose:
To copy the definition which currently exists in the Subdivision Regulations.

Art: 3o. Are you in favor of the adoption of Amendment No. o as proposed by the Planning Board for the Gilmanton Zoning Ordinance.
Amendment:
Amend Article XV.A. to increase the shore frontage required for a water front lot from the currently required 100 feet to 150 feet.
Purpose:
This will increase the required shore frontage on lots proposed for a

single family dwelling with direct water access and whose shore frontage is part of the dimension of the lot.

Art: 3p. Are you in favor of the adoption of Amendment No. p as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Article IV., Table 2, Waterfront setbacks, to require:

Setback From Water Bodies and Wetlands:

Buildings 100 feet

Purpose:

This would increase the existing building setback from 40 feet to 100 feet. It would also clarify that the setback is from water Bodies and Wetlands instead of from the previous "high water line."

Art: 3q. Are you in favor of the adoption of Amendment No. q as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

Amendment:

Amend Article IV., Table 2, Waterfront setbacks, to require:

Setback From Water Bodies and Wetlands:

Septic Systems 125 feet

Purpose:

This would add a setback requirement from water for septic systems of 125 feet. It would also clarify that the setback is from Water Bodies and Wetlands instead of from the previous "high water line."

WE MOVE THE ADOPTION OF THE FOLLOWING TESTIMONIAL:

We, the towns-people of Gilmanton, NH, assembled in the Town Meeting this 18th day of March, 1989, desire to take this opportunity to express our thanks and appreciations to Mrs. Gloria R. Munsey for her outstanding services to the Town of Gilmanton as Ballot Inspector for the past twenty eight (28) years (1960–1988).

The exceptional qualities of these services were especially manifest by her timely and efficient guidance, supervision and inspection of balloting procedures over the years. The demonstrated qualities of loyalty and devotion to the responsibilities of her position were such as to reflect great credit to herself and were major contributions to the orderly process of voting and counting of votes.

We further move that a copy of this testimonial be spread upon the permanent records of this meeting.

Respectfully proposed,
Election Officials of The Town of Gilmanton.

This testimonial was passed and Mrs. Gloria R. Munsey received a standing ovation from the Town Meeting.

There being no further business before the meeting the meeting was adjourned.

Respectfully submitted,
Elizabeth R. Smithers,
Town Clerk, Gilmanton

A recount of the School Board vote was requested by William Philpot, Jr., a candidate for same. The recount was held in the Selectmen's Office on March 18, 1989 at 9:00 A.M. Present were the Selectmen, the Moderator, the Town Clerk, Mr. Philpot and Mr. Forsyth. The result of the count was: Ralph G. Forsyth had 326 Votes (1 less than original count) Anne H. Onion had 332 Votes (5 less than original count) and William Philpot, Jr. had 302 (2 less than original count). Ralph G. Forsyth and Ann H. Onion were declared elected and took the oath of office prescribed.

MINUTES OF THE SPECIAL TOWN MEETING
AUGUST 12, 1989

The meeting was called to order by the Moderator, at 8:00 A.M. The warrant was read and he announced the opening of absentee ballots at the closing of the polls, 4:00 P.M. The Town Clerk gave the ballots to the ballot clerks for counting.

Article 1: Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Gilmanton Zoning Ordinance.

PURPOSE: State Law now requires that Gilmanton permit Mobile Home Parks and Subdivisions to exist in most residentially districted land areas within the Town. This amendment will bring the Zoning Ordinance into compliance with that recently enacted State Statute, RSA 674:32, regarding same.

If adopted, this amendment would combine the existing Rural 1 and Rural 2 Zones into one zone, the "Rural" Zone, and allow Mobile Home/ manufactured Housing *Parks* and *Subdivisions* throughout that Zone (but not on individual lots). Currently, Mobile Home/manufactured Housing Parks and Subdivisions are allowed in the Rural 2 and Business Zones.

AMENDMENT: Amend Article II.A. Districts: Article 11.B Zoning Map; Article IV Zoning District Regulations, Tables 1 and 2: and Article VI.A.3 Mobile Home/Manufactured Housing *Parks* and *Subdivisions* in the newly configured Rural Zone consisting of the Rural 1 and Rural 2 Zones.

92 YES 15 NO

Having the plurality of all votes cast this article was adopted.

Number of ballots cast 107.

Respectfully submitted,
Elizabeth R. Smithers,
Town Clerk, Gilmanton.

MANAGEMENT LETTER

January 12, 1990

Selectmen
Town of Gilmanton
Gilmanton, New Hampshire

In planning and performing our audit of the financial statements of the Town of Gilmanton, New Hampshire for the year ended December 31, 1989, we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated January 1, 1990, on the financial statements of the Town of Gilmanton, New Hampshire.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Town personnel, and will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

Respectfully submitted,

Finding—The Town Clerk does not list permit numbers in the cash receipts book. This causes significant lack of control on prenumbered permits.

Recommendation—Permit numbers should be listed in the Town Clerk's cash receipt book.

Management's Comments-

Mason & Rich Professional Association
Two Capital Plaza Suite 31
Concord, NH 03301

Dear Mr. Lang,

The Selectmen have reviewed your Management Letter for the Town of Gilmanton for the year ended, December 31, 1989.

In your letter of January 12th, 1990, you enclosed a memorandum that accompanied your letter summarizing your comments and suggestions.

Finding—The Town Clerk does not list permit numbers in the cash receipts book. This causes significant lack of control on prenumbered permits.

Recommendation—Permit numbers should be listed in the Town Clerk's cash receipt book.

Management's Comments—The Town Clerk is presently using the computer program which will better account for the prenumbered permits.

Sincerely,

Henry V. Page

REPORT OF THE CEMETERY TRUSTEES

The Cemetery Trustees held several meetings during 1989, discussing and reviewing the maintenance of the towns cemeteries under our jurisdiction and the Mary Baker marker (off Route 140 in the Corners). We held one meeting with Mr. Edward Kelly, our maintenance contractor, to discuss his activities for the year in the light of our budgetary restrictions.

In addition to the usual spring, 4th of July, Old Home Day schedule of clean up and mowing at the various locations in town, we arranged for the removal of a large fallen tree from the Stage Road (near Route 107) cemetery. The Trustees believe that the cemeteries and gravestones should be protected and preserved and therefore have instituted a program, beginning this year, to right and, where necessary, repair fallen gravestones throughout the town. This restoration and repair of the town's history, which should not be allowed to disappear forever, will be carried out in the future as funds are made available.

REPORT OF SELECTMEN

The Year of 1989 has been a busy year for the Selectmen. Our move into the Academy had to be delayed for several months due to Sugar Loaf Mountain Builders filing Chapter Eleven. This created a lot of extra work on both the Board of Selectmen and the Buildings Committee. Fortunately the Town of Gilmanton was bonded so that no additional expense was incurred, but it required additional effort to complete the project within budget.

Progress has been made at the dump site. The huge pile of metal, (in excess of 200 tons) was removed in the Spring of 1989 and an effort was made through the employment of a second Attendant, to assure better separation in the future. The second attendant also discouraged the use of the facility by people from neighboring communities. We are in the progress of instituting some recycling efforts in 1990. You will notice that Article 26 is designed to offset the cost of disposing of metal, tires, batteries, etc.

Through efforts of the appointed Roads Committee and the Highway Road Agent substantial progress has been made concerning Road Betterment projects. The Roads Committee and the Selectmen have made a commitment to expend Road Betterment funds in areas where maintenance costs have been excessive. The voters have also made a commitment by approving the purchase of a loader and a grader which will prove to be cost effective in the future.

Revaluation has been started and hopefully by the end of 1990 or early 1991 the inequities in assessment, which the Selectmen readily admit exist, will be corrected.

The Cable TV Franchise has been awarded to AMRAC TV and in the near future you will probably be approached by AMRAC, to give you the opportunity to sign up for service if you so desire.

Article 19 of 1989 Town Meeting for the acquisition of land for Conservation was disallowed by the Department of Revenue Administration. The $20,000 raised in 1989 will be used to offset taxes for the year 1990.

During mid year, Elizabeth Bedard was appointed to the Governors Recycling Task Force. This left us with a vacancy for a Selectperson. We did advertise for someone to fill the remainder of Ms. Bedard's term, and fortunately three citizens came forward offering their assistance. Mr. David Russell was the person chosen to fill the remainder of Ms. Bedard's term.

Probably the most frustrating problem facing the Selectmen, as well as property owners, is escalating taxes. The Selectmen realized after the vote of last years Town Meeting that there would be a large increase in the 1989 Tax Rate. There appears to be two completely different philosophies as far as taxes are concerned. There are people who want to hold the line or perhaps even cut back on services, while others are demanding more services. As taxes go up, it also forces more people to subdivide their property,

thereby causing additional costs on the remainder of taxpayers, as new year round residences do not usually generate enough in taxes to offset additional school and municipal costs. Rising tax burdens will also force some of our seasonal residences to become year round which will have a negative impact on taxes.

Although the Selectmen cannot resolve all problems to everyones satisfaction we are willing to listen. We do however request that your concerns be addressed at Selectmens Meetings rather than at our private residences or places of employment. Please call the Academy to be placed on the Agenda.

GILMANTON POLICE DEPARTMENT

Historically, when the economy gets bad, crime increases. The Town of Gilmanton is no exception. The Police Department experienced a 66 percent increase in crime and a 15 percent increase in Calls for Service. Burglaries and Vandalisms were up markedly. The 1989 activity is broken out below:

	1988	*1989*		*1988*	*1989*
Robbery	0	1	Drug Offenses	2	4
* Burglary	23	63	DWI	13	14

Forgery	0	1	M.V. Accidents	49	58
Fraud	2	4	Motorist Assists	92	93
* Criminal Mischief	45	114	DE Tags	124	280
Sex Offenses	1	2	Calls for Service	1584	1824

Total Activity 1988 — 3448
Total Activity 1989 — 4347

During this past year, I have been working with the Police Chiefs from Tilton, Belmont and Alton on updating Rules and Regulations for the Police Department. This task has been tedious and time consuming. Our goal is to meet National Accreditation standards so that our respective departments have the best professional guidance available. I will be continuing to work with these Chiefs on policy statements regarding such topics as domestic violence, high speed pursuits, juvenile law to mention a few of many.

It is important to keep in mind that what is expected of a Police Officer in Gilmanton is no different than that expected of Police Officers in other communities. Our responsibility, obligations and potential for litigation are the same. By working on professional standards we can meet those demands.

The Department implemented the D.A.R.E. (Drug Abuse Resistance Education) program in conjunction with the Gilmanton Elementary School. Officer Baiocchetti has been trained to instruct this important program. He is committed to the school one day per week for seventeen weeks. The program is being enthusiastically accepted. We expect good things from this program.

As you can see, there was alot going on this year. Without the help and support of the Community, the Police Department would not have been as successful as we have been. We look forward to another successful year.

Respectfully submitted,
Maurice R. Salmon, II
Chief of Police

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without written permission of a Forest Fire Warden, children and debris burning fires that escaped control. All of these causes are preventable, but only with *your* help.

Please help our town and state forest fire officials with forest fire prevention. By New Hampshire State law (RSA 224:27), no person, firm or corporation shall kindle or cause to be kindled any fire, except when the ground is covered with snow, *without first obtaining a written permit from the Forest Fire Warden of the town where the burning is to be done.*

In order to eliminate false alarms, it is advisable to notify your local fire department whenever you intend to do any outdoor burning.

Violations of RSA 224:27 are a misdemeanor and you are also liable for paying all fire suppression costs (RSA 224:28 and RSA 224:36).

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1989 including several large fires in the Concord and Chesterfield areas, as well as the 100 acre fire on Mt. Belknap in Gilford, New Hampshire.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden or the Division of Forests and Lands at 271-2217.

Total Fire and EMS Calls for the Year of 1989–241

The following is a breakdown of the Gilmanton Fire Department, Stations, apparatus and officers.

Chief of Department
Norman W. Skantze

Deputy Chief
Paul J. Hempel

Deputy Chief
David Russell

Iron Works Station

Engine Company 1	Engine One/Forestry Seven	Captain Lee Gardner
Engine Company 3	Engine Three	Captain Anthony Burditt
Rescue Company	Rescue One	Captain Shelly Clough

Corner Station

Engine Company 2	Engine Two	Captain Frank McClary
Engine Company 4	Engine Four/Forestry Six	Captain James Derby
Rescue Company	Rescue Two	Captain Shelly Clough

The Gilmanton Fire Department consist of two Fire Stations, one located in Gilmanton Iron Works, and one located in Gilmanton Corner, four Fire Engines, Two Forestry Vehicles, and Two Rescue/Ambulances. Last March the Fire Department took delivery of a 1989 Road Rescue-Ambulance which was placed into service as the primary Rescue Vehicle for the Town. The 1978 Rescue Vehicle was reassigned to the Corner Station where it is utilized as a First Response Vehicle for Medical Emergencies and as a back up Ambulance for the Town. The 1972 Step Van formerly used as a Rescue vehicle was auctioned this year by the Town. The system of two Rescue Vehicles has worked out very well for the Department and for the Town of Gilmanton. With the second vehicle reassigned to the Corner Station there has been an increase in interest and participation by members of the Department in the area of Emergency Medical Service in our Community. Additionally this vehicle has allowed us to more adequately provide coverage for the Town when the initial vehicle is on a call or out of service. Occasionally there have been simultaneous calls that our staff of seventeen licensed Ambulance Attendants have been able to quickly provide medical aid and transportation. Gilmanton also has neighboring towns with Ambulances available as a mutual aid back up for either multi-patient incidents or multiple calls.

This year the membership of the Fire Department dedicated their fund raising activities toward the purchase of a Defibrillator/Heart Monitor and an Amkus Hydraulic Rescue Tool. These two pieces of equipment now allow the Fire Dept. to provide advanced life saving skills to patients that

was not previously available. In addition to this the Fire Department secured Advanced Life Support Protocols with area hospitals that allow our Advanced Emergency Medical Personnel to use IV therapy with critical trauma patients. All of these advances increase our effectiveness in saving lives and allow our service to provide the most advanced care available. The purchase of this equipment was accomplished through funding other than local property taxes. $13,624.00 was raised by the membership through our annual campaign and events. An additional $4,500.00 was obtained through a Federal Highway Safety Grant that was put toward the purchase of the Hydraulic Rescue Tool.

During the past year the Fire Department has seen a steady demand for service from the community in both Fire Suppression and Emergency Medical Service. From January to January the Fire Department responded to 241 emergencies. Currently there are thirty-five men and women who are members of the Gilmanton Fire Department. The commitment required for these individuals involves many hours of personal time each year. Members must now be certified in both Firefighting and in Emergency Medical Care in order to participate to the fullest extent. Additionally there are 48 hours per year of Department Training offered to members to increase their skill level. The result is a very capable and effective Department and Ambulance Service for the community.

Fire Department membership is open to residents of the Town of Gilmanton who wish to join and participate in either firefighting or Emergency Medical Care. Training for members is provided by the Department. If you are interested we would invite you to talk to any member for more details. The Gilmanton Fire Department would like to thank the residents of the Town for the support you have given in our endeavor to provide this service. The Gilmanton Fire Department stands ready to serve the town and would like to remind residents that our emergency telephone number for both fire and ambulance is:

524-1545

In the event of an emergency you should call this number and give the dispatcher at the Lakes Region Mutual Fire Aid Dispatch Center all information regarding the emergency. The Dispatch Center will in turn notify the Gilmanton Fire Department. For other non-emergency business you can contact us by calling 364-2500 Monday through Friday.

GILMANTON PLANNING BOARD

With the automatic termination of the interim growth control ordinance at the end of 1988, applications for subdivision approval increased substantially in 1989.

The planning board met regularly on the second Thursday evening of each month, with carry over meetings on the following Tuesday. In addition there were several work sessions, joint meetings with the board of adjustment, and site visits. Altogether the planning board met 29 times in 1989.

Twelve subdivisions were approved with a total of 53 new residential lots. Three applications were denied or withdrawn, and two site plan applications were approved. Currently before the board are nine subdivision applications with a total of 85 lots. One of these is a 40-lot "cluster" subdivision on Stockwell Road, the first application of this type we have dealt with in Gilmanton.

The planning board completed a comprehensive revision of the subdivision regulations begun in 1988. This was accomplished in two steps, one dealing with procedures and the second with substantive changes. During 1990 we will continue with the revision process, working on our site plan review regulations and earth excavation regulations. There were substantial statutory changes in the earth excavation (gravel pit) legislation in 1989 and further revisions are expected in 1990. Our regulations will need to be brought into conformity with the statutory authority.

Updates of the Housing and Community Facilities sections of the Master Plan are almost completed, with assistance from Lakes Region Planning Commission. The Commission continues to be an important source of statistical data and technical assistance as we work to keep our ordinances and regulations current.

A major accomplishment this year was the compilation of all land use related ordinances and regulations into a single loose-leaf binder. These are now available at the Town Offices for a fee which defrays the costs of producing the book and keeping it up to date as revisions are made. Most of the work was done by our planning administrator, Candace Daigle, without whose efficient and conscientious support the planning board could not function. Candy has resigned as secretary to the board, but agreed to continue to provide administrative support.

An important part of the revision process was increasing application fees to more nearly cover the costs of review. The board believes that with the increase in fees we can cover all or most of the administrative costs for our new executive assistant, Kammie Ferre, who takes minutes, prepares, mails and posts agendas, and prepares abutters' notices for hearings. The fees should also cover the services of Candace Daigle, our Executive Assistant, who reviews all applications for completeness, corresponds with applicants,

keeps complete files on all applications and updates our subdivision map, and assists the board with revision of regulations.

Given the slowing of the real estate market, the board anticipates somewhat less subdivision activity in 1990. We need to take advantage of the lull in the Town's growth to complete update of the master plan and continue to update the capital improvements program. The board hopes to appoint a committee made up of interested citizens to work on these two projects, both to relieve pressure on the board and to involve as many Gilmanton citizens as possible in the planning process.

Regular members of the planning board include George Twigg, David Allen, Donald Kelley, Chester Francis, Finn Posner, Bruce Marriot (selectmen's representative) and myself as chairman. Three alternates attend meetings and contribute substantially to the board's deliberation. They are Doug Gamsby, Gilbert Boyd, Jr., and Sarah Thorne. All members and alternates have attended meeting regularly and carried out extra assignments faithfully. In addition, most have attended one or more training sessions made available through Lakes Region Planning Commission, N.H. Municipal Association, and other groups.

Carolyn Baldwin, Chairman

TOWN BUILDING COMMITTEE

On November 4, 1989, town offices were moved from the Town Hall to the Academy, where all but a few renovation details were complete. Renovation of Town Hall office space for the Police Department began in January, 1990. These dates are later than originally anticipated.

Work at both buildings was halted for some weeks by the business failure of Sugar Loaf Mountain Builders, project contractor. The town, however, had no financial loss. The contractor was bonded, and the insurer became liable for project completion at original contract prices. Although administration of construction has taken more time under this new business relationship, completion is near. Twin Oaks Construction, Inc., represents the insurance company as contractor.

At the Academy, new plumbing, heating, and wiring systems were installed. The entire building was insulated. The roof was repaired, and both the exterior and interior of the building repainted. Classrooms were easily adapted for offices, and the sturdy 1894 building needed no structural strengthening to meet building code requirements.

Meeting handicapped and fire safety codes involved the most technically complicated work at the Academy, and accounted for the bulk of construction expense. The basement floor was lowered to permit grade level handicapped access at the rear of the building, and an elevator was installed. In addition, the two handicapped-accessible bathrooms required in the building were installed on the basement level.

Chief measures for fire safety were installation of a sprinkler system and of enclosed fire stairs. The sprinkler system pump is housed in a room on the basement level, where also are located the required separate control rooms for elevator, electrical, and heating systems. Extensive ledge encountered during the lowering of the basement floor left the remaining space suitable only for storage.

At the Town Hall, the tower roof was repaired and reshingled during 1989. Now, interior work is underway to provide needed space and upgraded wiring and heating systems for the Police Department. A new exterior door for handicapped access and fire safety is being installed in the community auditorium. As at the Academy, restoration of Town Hall auditorium finishes will be through Phase II private donations.

Both of these historic buildings have considerable structural merit. Renovation has confirmed the soundness of the 1988 Town Meeting decision to preserve them for present and future town/community needs. Valuable space has been saved at far less cost than new construction.

Respectfully submitted,
Helene E. Roberts, Chairman

GILMANTON BUILDING DEPARTMENT

This year the Building Department observed a moderate decrease in the volume of building projects in Gilmanton. The most significant decrease was in the number of building permits issued for single family dwellings, which was down from 84 to 28. The total number of building permits issued was down from 199 to 145. The areas that increased in permits were additions to existing buildings which was 29 last year and 48 this year, and Renovations which increased from 18 permits to 25 permits issued.

Even with the decrease in the number of permits the volume of request for services was steady and did not change much from last year. In addition to issuing permits the Building Department reviews plans, maintains files on each permit, conducts investigations of violations of the Building Code and answers questions regarding building in the Town to the public.

This year the Building Department presented a plan to the Selectmen to change the length of time a permit is valid from 2 years to 1 year. This was done in an effort to better manage building projects and keep track of the inspections that are required. The Building Department Office is open to the public for the issuance of permits and other Building Department Business between 8:00 A.M. and 10:00 A.M. Monday through Friday. Appointments for inspections are scheduled for after 10:00 A.M. in most cases. The Building Department is located at the Iron Works Fire Station and you can reach the inspector by calling the station at 364-2500.

In an effort to improve the services of the Building Department to the residents and general public I am requesting funding for a part time clerical position. The clerical position would be to assist the inspector in maintaining building records, answering questions from the public and covering the office hours when the inspector was unavailable due to other responsibilities. I believe this position will allow the Building Department to be more professional and better able to follow up on issues associated with building projects. Further I believe this step will allow more time for the inspector to spend in the field with builders and property owners, looking at problems, and enforcing the building codes. I look forward to meeting with any property owner who has questions regarding the building codes or the permit process. I would like to thank the residents of Gilmanton for your cooperation in meeting the codes and working with the Building Department in preserving good building practices and ensuring life safety.

Respectfully,

Norman W. Skantze
Building Official

LAKES REGION PLANNING COMMISSION

The Lakes Region Planning Commission continued to assist the town in its planning and zoning operations during 1989. Under agreement the Commission assisted with updating of the Housing and Town Facilities sections of the Master Plan. A major project was completed this year, mapping existing subdivisions so that the planning board and the building inspector can keep track of the location of approved subdivisions and the lots which have been built upon. Donald Kelley and Candace Daigle worked on collecting the data which was mapped by the Commission's cartographer.

The Commission serves as the reference point for region-wide data, on which planning decisions in Gilmanton must be based. The Commission has developed a regional land use plan and a regional housing needs study. These will serve as a basis and support for many of Gilmanton's decisions on land use and housing.

It also serves as a focal point for considering legislative issues that affect the entire region. These include such matters as gravel excavation, shoreline protection, impact fee legislation, transportation and highway planning, and other matters that relate to the planning and zoning function.

Both at its regular meetings and at special workshops and lectures, the Commission offers significant educational and training opportunities for town board members. These include the annual Municipal Law Lecture series, and three workshops on environmental constraints in zoning, growth management strategies, and planning board procedures, all attended by a number of board members.

Gilmanton has participated in the Regional Planning Commission activities since the commission was founded, and has relied on it to supply basic data and technical assistance to assure that our ordinances and regulations meet the needs of the Town and can pass legal muster.

Respectfully submitted,

Carolyn W. Baldwin and
Donald Kelley, Commissioners for
the Town of Gilmanton

CABLE COMMITTEE REPORT

January 10, 1990

Donald M. Cote, Chairman
Cable Television Committee
12 Lakewood Drive
Gilmanton Iron Works, NH 03837

Dear Mr. Cote:

The purpose of this letter is to summarize the progress of bringing cable television to Gilmanton.

Your committee worked diligently last spring reading proposals and asking questions of the various applicants. Amrac was pleased to be selected as the licensee when the Selectmen voted on May 22, 1989.

All parties signed the Franchise Agreement on June 12, 1989 and that officially started the construction and approval process.

Amrac has filed the application for poles to the power and telephone companies and is awaiting pole attachment agreements. The telephone strike this summer and fall definitely has delayed that process, but we remain hopeful that it will move efficiently from here.

Amrac has completed strand maps of the entire town and we will be moving into the stage of design maps in the next few weeks. We are also working to secure a headend site at this time.

I will keep you and the Selectmen informed of our progress in the coming months.

Very sincerely,
Barbara A. Streibert
Director
Development and Government Relations

REPORT OF THE LAKES REGION COMMUNITY HEALTH AGENCY

The Lakes Region Community Health Agency provides a range of "in home" health care services to the Town of Gilmanton, including Visiting Nurse, Physical Therapy, Home Health Aide, Homemaker, Speech Therapy, Occupational Therapy, private duty Aide; Adult In Home Day Care; and Early Intervention/Family Support services for families with a child birth to three with a development delay. The services are provided on a sliding scale for people without insurance.

In 1988–89 the Agency provided services to 42 residents of Gilmanton: Nursing 304 visits; Physical Therapy 29 visits; Home Health Aide 391 visits; Homemaker 134 visits; private Aide 82 hours; Early Intervention services for families with a child (birth to three) who has a developmental delay 250 visits; Alzheimer's Respite 1 family; Social Worker 5 visits.

The people seen are primarily elderly Gilmanton residents who need help remaining independent at home. The Agency has a special grant from the State of New Hampshire to help with respite services for caregivers of people afflicted with Alzheimer's Disease. The Agency also has grants that partially support the Homemaker Program and the Adult In Home Day Care Program for income eligible Gilmanton residents.

NEW HAMPSHIRE HUMANE SOCIETY

Office of Selectmen
Town of Gilmanton
Gilmanton, New Hampshire

Dear Selectmen:

The 1989 totals of the number of animals brought to the N.H. Humane Society shelter from your town are as follows

By your Animal Control Officer:
Dogs & Puppies: 18 Cats & Kittens: 1 TOTAL: 19

From local Residents:
Dogs & Puppies: 21 Cats & Kittens: 42 TOTAL: 63

Non-Domestic Animals: 0

Total number of All animals received: 82

We are enclosing a copy of the report on all towns that used the shelter facilities and services in 1989. Your Society's shelter has been inspected and licensed by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442-A, the Rabies Control Act for holding stray dogs.

Every town has stray animal problems. We encourage your town and especially your Animal Control Officer to use our services more in 1990.

Sincerely,
Fritz T. Sabbow
Executive Director

GILMANTON PARKS & RECREATION COMMISSION

The Parks & Recreation Commission has made a number of improvements to the Crystal Lake Park and Ball Field including the first installment of a new fencing project along the Lake Road. Bleachers were installed by the ball field and a hot-dog steamer was purchased.

A number of events for residents were sponsored by Parks & Rec, including the annual Mother-Daughter and Father-Son Softball games; Wallis Sands bus trip; Winter Carnival; and the Annual Canoe Race. Once again the Commission provided free swimming lessons to Gilmanton children, an Ice Skating and Hockey rink, and provided a Band Concert during the Boy Scout's Chicken Barbecue.

A swing set purchased by the Commission for the Gilmanton Academy grounds will be re-installed along with a new slide. The Commission also donated equipment to the various Gilmanton Farm, T-Ball and Little League teams.

Several clean-up projects were sponsored and supported by Gilmanton residents, ball teams and scouts. We would like to express our sincere appreciation to all of those hard-working volunteers who participated in our various projects. We look forward to a very successful 1990 in which we may continue to improve and expand the services and equipment we provide to Gilmanton residents.

Sincerely,
Gary Lines, Chairman

GILMANTON HISTORIC DISTRICT COMMISSION
TOWN OF GILMANTON
P.O. BOX 555
GILMANTON, NH 03237

GILMANTON HISTORIC DISTRICT COMMISSION ANNUAL REPORT

The Commission has met many times during the past year, responding to requests for permits to build structures within the two historic districts and to recodify the districts' Rules of Procedures and Regulations.

If our budget authorizes it, we will put on public display in the town offices, maps of the two districts. A copy of the Rules of Procedures and Regulations may be obtained by requesting the same from Rachel Pickowicz at 267-6700.

The Commission is thankful that most people who are land owners within the district have made a good natured compliance with regards to the law and requirements and are aware of the need for permits to construct buildings within the district. In an effort to assist land owners with complying with the regulations the Commission will upon request meet informally with the applicant to explain in detail the various regulations and the intent of these regulations.

Gilmanton has a long and interesting history and its' architecture and landmarks are important to preserve. The Commission's role is to assist the land owner in maintaining architectural compatibility with the other structures within the two separate districts. The completion of the restoration of the Gilmanton Academy which now houses the Town Offices and the beginning of restoration and repair to the Smith Meeting House Church and adjoining buildings, are two good examples of the need for preservation. Without them much of the town's interesting history would be lost.

The Commission meets every first Tuesday of the month at 7:30 PM in the Gilmanton Town Offices. Any land owners in the District are welcome to participate.

Respectfully submitted
The Gilmanton Historic District Commission

REPORT FROM THE REPRESENTATIVE TO THE GENERAL COURT

If 1989 looked challenging, we may be starting a year or decade with more challenges than we had ever dreamed. The great feeling is that the 1989 problems were faced and solved.

The budget revenues were not up to expectations. By cuts and freezes the needs were met. No one can provide all that is needed or wanted. There are always compromises. The hope is that we prioritize wisely.

Last year, an attempt was made to solve abortion questions. The Supreme Court made a decision which gives us more for consideration.

One attempt to help local communities with taxes was the Impact Fee bill. It went well in the House, but was defeated in the Senate. This year's efforts will be renewed to pass the bill.

One thousand plus bills included size of lobsters, standardizing cords of wood for sale, gravel pit uses, fireworks sales and jet ski regulations.

The good thing is that this system in New Hampshire really does work — not perfectly — but it works. In 1990, we'll try again to keep it working — as best we can.

1989 ANNUAL SCHOOL DISTRICT MEEITNG
TOWN OF GILMANTON
GILMANTON SCHOOL
MARCH 23, 1989 AT 7:30 P.M.

The Annual School District Meeting was held on March 23, 1989, commencing at 7:30 P.M. at the Gilmanton School, with the following School Board members present: S. Roberts, H. Kardinal, W. Philpot, Jr., A. Onion, M. Robinette. G. Roberts, Jr. was acting moderator.

G. Roberts, Jr. called the meeting to order and asked Mr. Bosiak to lead the Pledge of Allegiance to the Flag.

Article 1: "To see what sum the District will vote to raise and appropriate for the purpose of construction of a middle school on land off White Oaks Road owned by the Gilmanton School District including equipment and furnishings, architectural fees, site development, professional service fees, and any items incident to and/or necessary for said construction;

to determine whether such appropriation shall be raised by the issuance and sale of bonds or notes on the credit of the Gilmanton School District in accordance with the provisions of RSA ch. 33, as amended;

to authorize the Gilmanton School Board to invest said monies and to use the interest earned thereon for said project;

and to authorize the Gilmanton School Board to determine:

(1) the time and place of payments of principal and interest,
(2) the rate of interest,
(3) the provisions for the sale of notes and/or bonds, and
(4) all other matters in connection therewith, or to take any other action relative thereto."

Anne Onion motioned to adopt Article 1 and it was seconded by Bill Philpot. A presentation was made of the involvement of the bond issue. B. Philpot introduced the bond presentation. A. Onion spoke on the Curriculum. H. Kardinal spoke on the Athletic Program. Stephen Bedard from the Building Committee explained to the public how the Committee arrived at its decision to bring Article 1 before the town. Bill Wilkens spoke on the site choice. Peter Osler spoke on the cost of the proposed middle school; that cost being proposed at $4,900,000. Mr. Robert Vogal of Keyes Associates spoke on the proposed middle school floor plan and site.

Following the completed presentation, the Moderator opened the meeting to public discussion, at which time, considerable discussion took place. After hearing all discussion pertinent to this Article, the Moderator dismissed the public for a ballot vote. The polls opened at 9:26 P.M. and closed at 10:45 P.M. Those votes that were cast were 421 votes.

In the affirmative were 240 votes; in the negative were 180 votes, and one vote was blank. The Article 1 failed by the two-thirds votes needed to have it adopted.

Article 2: "To determine and appoint the salaries of the School Board and truant officer, and fix the compensation of any other officers or agents of the district; to be set for the coming year as follows:

Moderator	$ 10.00	
District Clerk	9.00	per hour
Chairman of School Board	520.00	
Members of School Board (4)	460.00	
District Treasurer	450.00	

Article 2 was motioned by Sandy Kardinal and seconded by Susan Roberts. Discussion occurred concerning this Article. Moderator called for a voice vote. Article 2 passed by voice vote into effect.

Article 3: "to hear the reports of the Agents, Auditors, Committees of Officers chosen, and pass any vote relating thereto."

Mike Robinette motioned to accept the reports as printed in the 1988 Town Report. Motion seconded by Anne Onion. Motion passed by voice vote.

Article 4: "to see if the District will vote to authorize and instruct the Gilmanton School Board to seek any available option(s) with another School District(s) for a joint educational facility and educational programs for the purpose of education of Gilmanton Students; and to enter into a contract if the opportunity is available for the approval of the District voters at a regular or special school district meeting; or to allow or authorize the District to take any legislative action regarding contracts, decisions or motions regarding the joint educational opportunities and facilities with other School Districts that may be available for consideration at this meeting including the authorization and instruction to call a special district meeting for said purpose."

Motioned by Mike Robinette and seconded by Susan Roberts. Mr. Walter Skantze offered an amendment to the motion, which is a replacement of the wording of Article 4 in its entirety; the motion to amend reads as such:

"to see if the District will vote to authorize and instruct the Gilmanton School Board to negotiate an "Area School Agreement" or other Contract with the Barnstead School District for the purpose of having the Gilmanton School District share an educational facility and programs with Barnstead School District; said facility to be constructed and financed by the Gilmanton School District at the new site off of the White Oak Road. Further if and when a satisfactory agreement is reached a Special School District Meeting shall be called to consider the following Articles:

1. An Article to approve the new Gilmanton/Barnstead Area Agreement.
2. An Article to appropriate the funds to build the new facility and appropriate the funds via a bond.

The motion was seconded. voice vote in the negative. Amendment to Article 4 as motioned by W. Skantze and seconded failed by a voice vote.

Sally Hartman made a motion to amend a portion of the wording on Article 4 to read as such; where Article 4 states "and enter into a contract: add to "include a tuition or an area agreement" continues "if the opportunity is available for the approval . . . ." Motion was seconded. Amendment to Article 4 passed by a voice vote.

Linnie Page motioned to amend the amended Article 4 to state that a deadline of July 1, 1989 be given to the school board to report as to the status of their negotiations with Barnstead. Motion was seconded. Amendment passed by a voice vote. Article IV as amended by yes voice vote.

Article 5: "to choose committees in relation to any subject embraced in this warrant." Susan Roberts motioned that this Article 5 be tabled since there are no Committees to be chosen at this time. Motion was seconded by Anne Onion. Article 5 was tabled by a voice vote in the affirmative.

Article 6: "to see what sum of money the district will vote to raise and appropriate for the support of schools, for salaries of school district officers and agents, and for the payment of statutory obligations of the District." Sandy Kardinal motioned the Article and it was seconded by Bill Philpot. The school district budget at the time of raising this article was $2,667,253.

Michael Robinette motioned to amend Article 6 as follows: the addition of $88,164 for the purpose of establishing a Computer Program at Gilmanton School. The $88,164 to be allocated as follows:

Amendment No. 1

$36,000 — equipment
28,000 — computer teacher
1,500 — contracted services
22,664 — rental, site preparation and other items associated with providing two portable classrooms.

Motion was seconded by H. Kardinal. After discussion, Mr. Moderator called for a voice vote. Amendment No. 1 passed by voice vote.

Amendment No. 2

Anne Onion motioned that Article 6 be amended to include the sum of $12,000 for the purpose of providing two-fifths Foreign Language Teacher. Motion was seconded by Bill Philpot. After discussion occurred a voice vote was taken. Amendment No. 2 passed by voice vote.

Amendment No. 3

Anne Onion motioned that Article 6 be amended to include the sum of $6,000 for the purpose of employing one-fifth Health Teacher at the Gilmanton School. Motion was seconded by Bill Philpot. After discussion occurred, a voice vote was taken. The Moderator was in doubt of the voice vote; therefore, he called for the standing vote. Results were 102 — yes and 46 — no. Amendment No. 3 passed by standing vote.

Amendment No. 4

Michael Robinette motioned that Article 6 be amended to add $10,677 to the budget for the purpose of increasing the School Nurse's salary. Motion was seconded by Susan Roberts. After discussion occurred, a voice vote was taken. Amendment No. 4 was passed by voice vote.

A motion was made and seconded to amend the dollar figure total to be raised and appropriated for the school district budget; That dollar figure to be $2,784,094. Voice vote was taken. Amended figure for the 1989 school budget passed by voice vote.

Mr. Bill Philpot made a motion to have the district reconsider the vote on Article 1 in accord with the provision of RSA 33:8-A (IV) and that said reconsideration vote be held on April 14, 1989 at 7:30 P.M. Motion was seconded.

A voice vote was taken. Mr. Moderator was in question of the voice vote; therefore, he asked for standing vote. Results of standing vote was 73 — yes and 50 — no.

Mr. Joseph McClary motioned to revote this motion by secret ballot. Legally, six other registered voters would need to request a ballot vote. The other six persons that requested the ballot vote were: Mr. George Haddock, Doris Pennek, Robert Spotts, John Waling, Kathleen Haddock and Allan Hugalman. The motion was seconded and granted.

The public went to the polls at 12:15 A.M. Polls were closed at 12:46 A.M. Total number of ballots cast were 149: 72 — yes and 77 — no. The motion was denied by ballot vote. Article 1 will not be reconsidered.

Mr. B. Philpot motioned to adjourn this public hearing and it was seconded by Mike Robinette. Motioned to adjourn was passed by voice vote.

SCHOOL WARRANT
1989
STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Gilmanton in the County of Belknap, State of New Hampshire, qualified to vote on District affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE GILMANTON ELEMENTARY SCHOOL IN SAID DISTRICT ON THURSDAY, THE 23RD DAY OF MARCH 1989, AT 7:30 O'CLOCK IN THE EVENING, TO ACT UPON THE FOLLOWING SUBJECTS:

1. "To see what sum the District will vote to raise and appropriate for the purpose of construction of a middle school on land off White Oaks Road owned by the Gilmanton School District including equipment and furnishings, architectural fees, site development, professional service fees, and any items incidental to and/or necessary for said construction;

to determine whether such appropriation shall be raised by the issuance and sale of bonds or notes on the credit of the Gilmanton School District in accordance with the provisions of RSA ch. 33, as amended;

to authorize the Gilmanton School Board to invest said monies and to use the interest earned thereon for said project;

to authorize the Gilmanton School Board to determine:

(1) the time and place of payments of principal and interest,

(2) the rate of interest,

(3) the provisions for the sale of notes and/or bonds, and

(4) all other matters in connection therewith, or to take any other action relative thereto."

NOTICE: AFTER DISCUSSION, THE VOTE MUST BE TAKEN BY BALLOT WITH THE POLLS REMAINING OPEN FOR NOT LESS THAN ONE HOUR.

2. To determine and appoint the salaries of the School Board and truant officer, and fix the compensation of any other officers or agents of the district.

3. To hear the reports of the Agents, Auditors, Committees of Officers chosen, and pass any vote relating thereto.

4. To see if the District will vote to authorize and instruct the Gilmanton School Board to seek an available option(s) with another School District(s) for a joint educational facility and educational programs for the purpose of education of Gilmanton Students; and to enter into a contract if the opportunity is available for the approval of the District voters at a regular

or special school district meeting; or to allow or authorize the District to take any legislative action regarding contracts, decisions or motions regarding the joint educational opportunities and facilities with other School Districts that may be available for consideration at this meeting including the authorization and instruction to call a special school district meeting for said purpose.

5. To choose Committees in relation to any subject embraced in this warrant.

6. To see what sum of money the district will vote to raise and appropriate for the support of schools, for salaries of school district officers and agents, and for the payment of statutory obligations of the District.

7. To transact any other business which may legally come before this meeting.

Given under our hands and seals this 27th day of February, 1989.

LETTER FROM THE SCHOOL BOARD

The school year began as most others in the past have, with more students than we had projected the year before. The town is responsible for the education of 500 plus students. The numbers change weekly, sometimes daily, but usually run around 390 in the elementary and 145 at the Gilford High School. The extra children (and young adults) were not an insurmountable problem. During the summer, the School Board looked into combining a first and second grade class to try and relieve some of the classroom space problem. That idea generated the second most amount of public interest and input that I've seen in my three years on the Board and died for lack of support. The students were fit into the existing class structure and we started the year with triple classes in grades K, first, second and third. Grades four thru eight have two classes each. Next year we expect another 3 classrooms of kindergarten students and only two classrooms of eighth grade students will graduate.

The computer, health and language programs that you voted to initiate and support last year have been enthusiastically received by our students. The modular classrooms on site now total eight, housed in four units. The two units in front are being replaced at this writing because they were discovered to have roofs that did not meet code in this town. Crowded conditions already existing in the school were exacerbated by this temporary loss of four classrooms. Even with their return we are still working with classes and programs that offered from or taught in closets. Our school is grossly overcrowded — NOW.

Remembering that this is a 25 year old structure, some maintenance needs to be undertaken. The roof leaks, worse than in previous years so the Board proposed to replace some of it. The oil tank in the ground out front has to come out according to State regulations. The outside doors opposite the principal's office need replacing. The "Bondo" fix is not holding up well. These and other projects around the school will be proposed to you as a bond issue and the Board respectfully requests your approval.

The issue that has generated the most amount of public interest is the same one that this Board and previous Boards have struggled with for the past five years. What will we build to meet our space and educational needs? It is a question that leads directly to several more. Where should it be built? Should we build it on our own? And this year — can we bring the Gilmanton and Barnstead middle and high school populations into one facility and run a program that the two towns would be willing to support? This March will be our fifth presentation of options for your consideration at a district meeting. The issues have created strong opinions within our community and passionate stands by several groups.

Three options are being presented this year. The Board hopes to find a resolution by harnessing some of the above passion and channeling it into a series of presentations and debates. Our goal is to provide you, the voter, with a forum that will give this town the accurate information it needs to move on an option.

It is my opinion that this town has reached a crossroads in it's educational and financial history. We can stay with the existing arrangements, create some new ones or continue to stand in the middle of the road trying to make up our minds. A step in either direction has major long term effects. Kind of like becoming a little bit pregnant . . . I just keep praying we don't get hit by a truck while we stand here scratching our heads.

Looking forward to your participation at the School District Meeting.

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

August 11, 1989

To the Members of the School Board
Gilmanton School District
Gilmanton, New Hampshire

We have audited the accompanying general purpose financial statements of the Gilmanton School District and the combining and individual fund financial statements of the School District as of and for the year ended June 20, 1989, as listed in the table of contents. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in note 1C, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Gilmanton School District at June 30, 1989, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School District at June 20, 1989, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining and individual fund financial statements. The accompanying financial information listed as a schedule in the table of contents is presented for purposes of

additional analysis and is not a required part of the financial statements of the School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose, combining and individual fund financial statements and, in our opinion, is fairly stated in all material respects to relation to the financial statements of each of the respective individual funds and account groups, taken as a whole.

Copies of the entire audit are available at the Superintendent of School Office, Harvard Street Administrative Offices, Harvard Street, Laconia, New Hampshire.
